

## SECURITY, CMMC, AND NIST

### HIGHLIGHTED RESUME

## KENDREA "KENDI" OLMSTED MSM, BSIB

Miss Olmsted worked for L-3Harris and predecessor companies in Texas from 1985-2021 her experience includes

Director, Security for L3Harris Reconnaissance Mission System (RMS) Sector and Integrated Missions System (IMS) Segment.

Prior to L3Harris, she was the Vice President of Security and Ethics for the L3 RMS Sector and ISR Segment of L3 Technologies, Inc. In this role, she oversees all matters pertaining to security at multiple locations throughout the segment.

Miss Olmsted began her career with L3's legacy company in 1985 as a Security Officer. From there, she assumed numerous roles with increased responsibilities over the years, eventually serving as Director of Security, Facility Protection, Fire Department and Facility Security Officer. She has more than 35 years in security.

Her leadership has resulted in four consecutive "Superior" ratings from Defense Security Service (DSS), numerous corporate awards and a James S. Cogswell award 2014 and 2022 as a result of a 2021 nomination prior to retirement.

Miss Olmsted is a successful capture, program, security and business leader with significant experience working on domestic and international programs. Her pursuit and capture experience include commercial and military customers in Asia, Europe, the Mid-East, Africa, Australia/ New Zealand, South America and the US. The military and government proposals and program wins include FMS and DCS acquisitions as well as major US military acquisitions.

Miss Olmsted's experience with multiple proposal and capture processes allow her to quickly adapt and bring best practices as a proposal manager, writer and capture manager. These companies include collaborating Security input and bids with Northrop Grumman, BAE Systems, L-3 Technologies, Raytheon, and several small businesses as well as multiple partner and international partner companies.

Miss Olmsted successfully provided Security support and managed the protection of assets and compliance contributing to the business growth, and aircraft integration. She has broad ability to manage and advise on the entire Security life cycle through hands-on experience including setting up domestic and operations overseas. She has significant experience in NISPOM compliance, ITAR compliance, DoS licensing, Six Sigma, and managing all disciplines to deliver complex products at the prime and sub level.

Miss Olmsted holds a Bachelor of Science degree in International Business from Strayer University and a Master of Science in Management from Texas A&M University-Commerce, Texas. She also attended ASIS Program for Security Executives at the Wharton School at the University of Pennsylvania in 2012.
